

SPRINT 5 PROGRESS UPDATE

Completed Tasks:

- Content of homepage, header, and footer
- Added an alert in login form

Sprint Retrospective:

What went well:

- Successful completion of homepage, header, and footer content
- Effective implementation of alert in login form

What could be improved:

- Back-end of assessment: identified areas for improvement and optimization

What needs to be done:

- Overall front-end of dashboard and landing page: pending completion

Actionable steps for next sprint:

- Prioritize back-end of assessment improvements
- Allocate resources for completing front-end of dashboard and landing page
